# Intro mdshow

*Turn markdown files into beautiful presentations quickly.*

# Markdown

mdshow is built to quickly turn ideas into beautiful presentations. The text-based **markdown format** is the tool of choice to do just that!

# Features

- Built with [reveal.js 4.0](#) and [pandoc 2.9](#)
- Focus: stays out of the way
- Enterprise: theming and PDF conversion
- Setup: super fast
- Presentation: looks great and offers the power of the browser to your fingertips

# Examples
